"My mother came to the Grand View after she had a fall and fractured her arm. The manager was quick to act and was able to complete the assessment the same day. Her team are wonderful and welcomed my mother and me and made her time at Grand View comfortable. They encouraged her independence, and she is extremely thankful, as am I. The food was beautiful, and the service was excellent.

I would highly recommend Grand View to anyone needing respite or permanent care. Mum has said she would be more than happy to return if she felt she was unable to manage at home. Thank you again!"

“Grand View has made my mother-in-law feel so welcome and at home. Before moving, she had become a recluse and did not want to engage as she had become used to her own space. She was welcomed by all of the team and residents. The activities over December were fantastic and she looked forward to joining in with them all. She feels happy and relaxed now and enjoys spending time with the other residents who made her feel welcome. I would highly recommend Grand View and its team.”

“On visiting my grandmother for the first time, the reception was bright and very welcoming. Everywhere was clean including Nan’s bedroom which was absolutely spotless, and the staff were polite and friendly. I was there for mealtime, where there were lots of options to choose from with mains and desserts. Overall, I couldn’t fault anything on the day of visiting.”
